

Dear

## FREEDOM OF INFORMATION – MENTAL HEALTH

I write in response to your request for information in relation to mental health services within NHS Lothian.

### Question:

1. A list of codes or categorical terms that the health board use to record and categorise instances when a patient has stopped using a mental health treatment or service.
  - Please specify each categorical term or code, and what it means in terms how/why a person has left treatment or finished treatment. For example, patient wanted to stop, patient completed treatment etc.
2. A breakdown, by categorical term or code, of instances when a patient has stopped using or has finished mental health treatment in last 6 financial years (2018/19, 2019/20, 2020/21, 2021/22, 2022/23 and 2023/24 so far).

### Answer:

Please see enclosed spreadsheet. To protect the identity of the individuals involved any figure of 5 or less has not been shown in the table above. Since we do not have their consent to release this data from their records, the information is exempt under section 38(1)(b) of the Freedom of Information (Scotland) Act i.e. to provide it would breach the Data Protection Act (2018).

I hope the information provided helps with your request.

If you are unhappy with our response to your request, you do have the right to request us to review it. Your request should be made within 40 working days of receipt of this letter, and we will reply within 20 working days of receipt. If our decision is unchanged following a review and you remain dissatisfied with this, you then have the right to make a formal complaint to the Scottish Information Commissioner within 6 months of receipt of our review response. You can do this by using the Scottish Information Commissioner's Office online appeals service at

[www.itspublicknowledge.info/Appeal](http://www.itspublicknowledge.info/Appeal). If you remain dissatisfied with the Commissioner's response you then have the option to appeal to the Court of Session on a point of law.

If you require a review of our decision to be carried out, please write to the FOI Reviewer at the email address at the head of this letter. The review will be undertaken by a Reviewer who was not involved in the original decision-making process.

FOI responses (subject to redaction of personal information) may appear on NHS Lothian's Freedom of Information website at: <https://org.nhslothian.scot/FOI/Pages/default.aspx>

Yours sincerely
