Dear

### **ENVIRONMENTAL INFORMATION - EAST CALDER HEALTH CENTRE**

I write in response to your request for information in relation to East Calder Health Centre for each fiscal year from 2016/17 to date (8 February 2023/24).

### Question:

1. Cost of the maintenance and repairs listed above.

### Answer:

Financial Year	Area	Sum of Invoiced Value incl. VAT
17/18	Flooring	14,350
22/23	Water Services	1,878
22/23	Flooring	3,797
		20,025

In terms of general repairs, via the Hard FM team, there is a full list of work orders complete from 2021 within the spreadsheet attached however we do not have the full cost for all tasks (over 400) at this stage.

Detail is within the Spreadsheet (East Calder HC – Open Tasks) if the filters are removed from column 0.

### Question:

2. List of any outstanding/unmet repairs or maintenance that has been requested.

# Answer:

Please see enclosed spreadsheet (East Calder HC – Open Tasks). Please note this only goes back to 2021 when the software was introduced.

#### Question:

3. Estimated costs of any outstanding/unmet repairs or maintenance that has been requested.

#### Answer:

Estimates are not covered under the Act, only accurately recorded information.

## Question:

4. Copy annual building condition survey and related risk assessment.

#### Answer:

The attached Spreadsheet (East Calder HC – Asset List & Condition Survey) will assist with this. However, we are not sure specifically what you mean by Risk Assessment? Risk Assessment for what? There will be several factors within the building that will require a Risk Assessment.

### Question:

5. Separately to the above lists, the purchase and installation cost of the most recent 'portacabin' extension.

#### Answer:

The cost of the 'portacabin' extension at East Calder Health Centre was £295,858.

### Question:

6. List of proposed maintenance, repair or improvement works scheduled from today (8 February 2024) to 31 March 2025.

## Answer:

The following works in the following are areas that are currently being investigated. It is worth noting that these works will be subject to commercial approval and are not, at this stage, confirmed.

- Reception area extended to accommodate more staff.
- Large Physio Room to be partitioned in order to create additional consultation rooms.
- Roof and Canopy above the main entrance way to the centre is being reviewed for repairs to ensure watertight.

#### Question:

7. Estimated costs of any proposed maintenance, repair or improvement works scheduled from today (8 February 2024) to 31 March 2025.

## Answer:

Estimates are not covered under the Act, only accurately recorded information.

We are not in a position to state estimated costs for the above works at this stage. Initial proposals are being drawn up for the first two projects above (detail is currently with our architects). Following this we will move to a costing for each. The third project, around the roof, will be costed in the coming months.

I hope the information provided helps with your request.

If you are unhappy with our response to your request, you do have the right to request us to review it. Your request should be made within 40 working days of receipt of this letter, and we will reply within 20 working days of receipt. If our decision is unchanged following a review and you remain dissatisfied with this, you then have the right to make a formal complaint to the Scottish Information Commissioner within 6 months of receipt of our review response. You can do this by using the Scottish Information Commissioner's Office online appeals service at <a href="https://www.itspublicknowledge.info/Appeal">www.itspublicknowledge.info/Appeal</a>. If you remain dissatisfied with the Commissioner's response you then have the option to appeal to the Court of Session on a point of law.

If you require a review of our decision to be carried out, please write to the FOI Reviewer at the email address at the head of this letter. The review will be undertaken by a Reviewer who was not involved in the original decision-making process.

FOI responses (subject to redaction of personal information) may appear on NHS Lothian's Freedom of Information website at: https://org.nhslothian.scot/FOI/Pages/default.aspx

Yours sincerely

ALISON MACDONALD
Executive Director, Nursing, Midwifery and AHPs

Cc: Chief Executive
