Dear

FREEDOM OF INFORMATION – WAITING LISTS

I write in response to your request for information in relation to waiting lists for Autism and ADHD.

Question:

- Can you advise the number of adults who died while on the waiting list for an assessment for autism and/or ADHD?
- If you have that information can you confirm cause of death?

Answer:

In the Financial Year 2024/24 ten (10) adults were removed from an adult Neurodevelopmental waiting list with the reason “Deceased Patient”. The cause of death is not recorded outwith the individual medical record.

Under the Freedom of Information Act NHS Lothian is not required to create new records to enable it to respond to your enquiry. This information is not collated or held in aggregate form and it would be necessary to review all case files relating to patients over the period you have requested to assemble the information you seek.

I hope the information provided helps with your request.

If you are unhappy with our response to your request, you do have the right to request us to review it. Your request should be made within 40 working days of receipt of this letter, and we will reply within 20 working days of receipt. If our decision is unchanged following a review and you remain dissatisfied with this, you then have the right to make a formal complaint to the Scottish Information Commissioner within 6 months of receipt of our review response. You can do this by using the Scottish Information Commissioner’s Office online appeals service at www.itspublicknowledge.info/Appeal. If you remain dissatisfied with the Commissioner’s response you then have the option to appeal to the Court of Session on a point of law.
