Dear

FREEDOM OF INFORMATION – PERFORMANCE AND IMAGE ENHANCING DRUGS (PIEDS)

I write in response to your request for information in relation to Performance and Image Enhancing Drugs (PIEDs).

Question:

- To ask how many admissions there have been to hospitals in your area relating to the use of Performance and Image Enhancing Drugs (PIEDs).

Could this cover the following financial years...

2024/25
2023/24
2022/23
2021/22
2020/21

Answer:

I am advised that ICD coding used in TRAK is not specific enough to pick up PIED related admissions without also picking up admissions associated with drugs used for medical purposes.

Under the Freedom of Information Act NHS Lothian is not required to create new records to enable it to respond to your enquiry. This information is not collated or held in aggregate form and it would be necessary to review all case files relating to patients over the period you have requested to assemble the information you seek. Even if NHS Lothian did this – and there would be significant cost implications in doing so – it would be unable to respond in full to your request. The information requested is therefore exempt under section 12.1 – Cost.

I am sorry I cannot help further with your request.
