I write in response to your request for information in relation to code nine / code black in NHS Lothian.

### **Question:**

I wish to make a Freedom of Information Request for the number of code nines declared in 2020, 2021, 2022, 2023, 2024 & 2025 to the present date. With a breakdown of each year.

### **Answer:**

I am advised that this information is not formally collected and retained. I am advised that the Scottish Government may have a methodology for recording this information for Scotland, and you may be able to request this from them.

I hope the information provided helps with your request.

If you are unhappy with our response to your request, you do have the right to request us to review it. Your request should be made within 40 working days of receipt of this letter, and we will reply within 20 working days of receipt. If our decision is unchanged following a review and you remain dissatisfied with this, you then have the right to make a formal complaint to the Scottish Information Commissioner within 6 months of receipt of our review response.
