Dear

FREEDOM OF INFORMATION – GENDER IDENTITY

I write in response to your request for information in relation to the Gender Identity Clinic.

Question:

2. How many of these patients died by suicide or suspected suicide
3. The number of patients in 2) broken down into those patients who were
 - a) on the waiting list for a first appointment with the gender clinic
 - b) had had their first appointment at the gender clinic and
 - c) had been referred by the gender clinic on to endocrinology or for surgery.

Answer:

I am advised that we do not hold this information in a centrally extractable format and to attempt to identify it we would have to contact every patients GP practice.

Under the Freedom of Information Act NHS Lothian is not required to create new records to enable it to respond to your enquiry. This information is not collated or held in aggregate form and it would be necessary to review all case files relating to patients over the period you have requested to assemble the information you seek. Even if NHS Lothian did this – and there would be significant cost implications in doing so – it would be unable to respond in full to your request. The information requested is therefore exempt under section 12.1 – Cost.

I am sorry I cannot help with your request.

If you are unhappy with our response to your request, you do have the right to request us to review it. Your request should be made within 40 working days of receipt of this letter, and we will reply within 20 working days of receipt. If our decision is unchanged following a review and you remain dissatisfied with this, you then have the right to make a formal complaint to the Scottish Information Commissioner within 6 months of receipt of our review response. You can do this by using the Scottish Information Commissioner's Office online appeals service at

Chair Professor John Connaghan CBE
