

Dear

FREEDOM OF INFORMATION – ULTRASOUNDS

I write in response to your request for information in relation to diagnostic ultrasound scanning systems.

Question:

1. A list of all diagnostic ultrasound scanning systems, including:
 - a. Manufacturer
 - b. Model
 - c. Date of manufacture

Answer:

a.	Listed as 'Brand' on our database typically. Enclosed
b.	Enclosed
c.	The current version of the database has no 'Date of Manufacture' field, it should be coming in future update. Install date given as typically our scanners have manufacture dates quite close to being installed with us. Exceptions such as demo/loan equipment, etc. should be fairly low numbers in the captured data.

Question:

2. For each ultrasound system listed:
 - a. The date of the most recent annual Quality Assurance (QA) check
 - b. Whether the annual QA was carried out internally (e.g. by Medical Physics / Clinical Engineering) or by an external provider
 - c. The date of the most recent service for each ultrasound system by which provider.

Answer:

a.	Basic image QA is carried out alongside the annual service or PM (preventative maintenance) visit.
b.	Service provider stated where there is some form of external service contract, for internally checked equipment this is listed as Medical Physics RIE. Our team here cover ultrasound across all of NHS Lothian. There is one blank, an old scanner given to

	research team who are liable for its maintenance, its on site so on our database for information
c.	Last PM dates provided, absence of a date might be for a couple of reasons; last know service was before move to new database in 2024, equipment not found or in use during last visit, service report sent to clinical team and not shared with Medical Physics, equipment still within first year of commissioning.

I hope the information provided helps with your request.

If you are unhappy with our response to your request, you do have the right to request us to review it. Your request should be made within 40 working days of receipt of this letter, and we will reply within 20 working days of receipt. If our decision is unchanged following a review and you remain dissatisfied with this, you then have the right to make a formal complaint to the Scottish Information Commissioner within 6 months of receipt of our review response. You can do this by using the Scottish Information Commissioner’s Office online appeals service at www.itspublicknowledge.info/Appeal. If you remain dissatisfied with the Commissioner’s response you then have the option to appeal to the Court of Session on a point of law.

If you require a review of our decision to be carried out, please write to the FOI Reviewer at the email address at the head of this letter. The review will be undertaken by a Reviewer who was not involved in the original decision-making process.

FOI responses (subject to redaction of personal information) may appear on NHS Lothian’s Freedom of Information website at: <https://org.nhslothian.scot/FOI/Pages/default.aspx>

Yours sincerely

ALISON MACDONALD
Executive Director, Nursing
 Cc: Chief Executive
