Dear

FREEDOM OF INFORMATION – PAIN CLINIC

I write in response to your request for information in relation to the Pain Clinic.

Question:

- I would like to know how many patients who live in East Lothian attend these Pain Clinics in Leith.

Answer:

Over the most recent full 12-month period (June 2025 to May 2026), the Leith Community Treatment Centre (LCTC) recorded a total of 2,450 Chronic Pain patients attending across all available services. Of these, 234 patients were resident in East Lothian.

It is important to note that, in addition to services delivered at LCTC, medical consultations are also provided at Midlothian Community Hospital.

I hope the information provided helps with your request.

If you are unhappy with our response to your request, you do have the right to request us to review it. Your request should be made within 40 working days of receipt of this letter, and we will reply within 20 working days of receipt. If our decision is unchanged following a review and you remain dissatisfied with this, you then have the right to make a formal complaint to the Scottish Information Commissioner within 6 months of receipt of our review response. You can do this by using the Scottish Information Commissioner's Office online appeals service at www.itspublicknowledge.info/Appeal. If you remain dissatisfied with the Commissioner's response you then have the option to appeal to the Court of Session on a point of law.

If you require a review of our decision to be carried out, please write to the FOI Reviewer at the email address at the head of this letter. The review will be undertaken by a Reviewer who was not involved in the original decision-making process.
