FREEDOM OF INFORMATION – TRANSPORTATION

I write in response to your request for information in relation to transportation.

Question:
Where possible, I would appreciate the information for the **last complete financial year (2024/25 to 2025/26)**, together with any available information for the current financial year (2026/27) up to the date of this request.

1. Taxi/private-hire vehicle use
Please provide:

1. The total number of taxi/private-hire vehicle journeys commissioned or paid for by the Health Board for the transportation of NHS items for each financial year.
2. The total number of individual items transported by taxi/private-hire vehicle for each financial year, where this information is recorded.
3. Where available, a breakdown of the types of items transported by taxi/private-hire vehicle, for example:

    - Blood samples
    - Pathology/laboratory specimens
    - Medicines/pharmaceuticals

6. Where available, the number or percentage of journeys undertaken under:
    - Contracted arrangements
    - Ad-hoc bookings
    - Emergency/out-of-hours arrangements
    - Other arrangements

7. Where available, the average or typical cost per journey or if a fixed cost, this fixed cost per journey/item.
8. Where available, the average distance travelled per journey.

2. Blood bike services

Please provide:

1. The number of journeys undertaken by blood bike services on behalf of the Health Board for each financial year.
2. The number of individual items transported by blood bike services for each financial year.
3. A breakdown of the types of items transported by blood bike services, **where recorded**, including:
